The diagram illustrates a dependency or call relationship. Two source functions, 'model.utils.rpn\_gt\_loc\_label.AnchorTargetCreator.\_\_call\_\_' and 'model.utils.roi\_sample.ProposalTargetCreator.\_\_call\_\_', are shown in white boxes on the left. Blue arrows point from each of these boxes to a single target function, 'model.utils.bbox\_tools.bbox2loc', which is shown in a grey box on the right.
